SCHOOL BACKGROUND

Okkodo High School (OHS), the newest of five public high schools, is located in the northern part of Guam in the village of Dededo. Situated along Route 3 (NCS road), the school is named after the location in which it is built. "Okkodo" is a Chamorro word for "trap". It is also the name of a Chamorro Chief who resided in the village of Dededo. Its mascot is the bulldog and the school colors are cardinal red, gray and navy blue.

Plans to build OHS began in 2005 and construction of the school was completed in July 2008. OHS officially opened its doors on August 21, 2008 and serves students in grades 9, 10, 11, and 12. OHS's school district encompasses the areas of Astumbo Gardens, Liguán Terrace, NCS/Munoz/Finegayan, Fern Terrace, Machanao, Santa Ana, Harmon Loop, and Okkodo.

The administration and faculty of OHS is committed to preparing students to enter the job market or enter college. Public Law 21-132 mandates two general curricula for students of Guam public high schools: job entry level and college entry. To comply with this mandate, the Department of Education (DOE) provides students with two courses of study: college prep or career prep.

In 2015, Okkodo High School received a three-year accreditation from the Western Association of School and Colleges.

PROGRAMS

Students are able to earn both high school and postsecondary credits by enrolling in the Guam Community College (GCC) and the University of Guam's (UOG) Dual Enrollment Program.

OHS is also proud to be the only high school on Guam that offers a Marine Junior Reserve Officer Training Corps (MJROTC) Program. The MJROTC Program provides students with skills in citizenship and leadership. The program motivates students to learn, fosters a disciplined constructive learning environment and instills essential skills such as time organization, responsibility, goal setting, and teamwork. In school years 2010-2011 and 2012-2013, MJROTC students represented Guam in the nationwide Armed Regulation Drill Team Competition held at Daytona Beach, Florida, and took first place; while in school year 2011-2012, the MJROTC students won second place.

The vocational programs available at OHS include Automotive, Construction Trades, Electronics, Marketing and Tourism. These programs are offered in partnership with the Guam Community College and provide students with the knowledge and skills for entry in the world of work or postsecondary college programs. In school year 2010-2011, Lodging Management Program students competed in the 8th Annual American Hotel and Lodging Educational Institute National Management Program in Orlando, Florida, and won first place and college scholarships. In school years 2011-2012 and 2012-2013, the team won second place in Nationals.

PURPOSE OF HANDBOOK

The Student Handbook was developed for the students, parents, community, faculty and staff of OHS. The policies and guidelines contained in this handbook will help assure that our school environment is consistent with the vision and mission of OHS and Department of Education (DOE). The handbook sets forth clearly the standards of behavior established by law and Guam Education Board policies. It also describes the various administrative actions that will be taken for violation of the standards of behavior.

To ensure a successful school year, it is necessary to have all students follow the policies set forth in the student handbook. It has been designed for better communication and cooperation between teacher, student, parent and administration. It is hoped that all who use this handbook do so realizing the equal importance of the student's responsibility for his or her own acceptable behavior and the protection of a student's personal rights to due process and fair and just treatment.

The OHS Student Handbook serves a general reference guide regarding OHS' policies, procedures, and services. While every effort is made to validate the accuracy of information, OHS reserves the right to revise, amend, or change items set forth in this Student Handbook.

PARENT/GUARDIAN INFORMATION

Family-School Partnership

A family and school partnership is important for all students to achieve academic success. Communication between the school and parents is the key factor in achieving and maintaining this partnership. Teachers are required to provide a course

syllabus to students and families at the beginning of every school year/semester. The syllabus should include the following:

- (a) Course Description
- (b) Course Outline
- (c) Content Standards and Performance Indicators
- (d) Grading System
- (e) Classroom Policies and Procedures
- (f) Teacher Contact Information

Teachers shall keep parents informed about the academic progress of each student. Teachers may use different methods to fulfill this requirement such as:

- (a) Progress report
- (b) Telephone call to parents
- (c) E-mail messages to parents
- (d) Student planner
- (e) Assignment logs for parents to sign and return
- (f) Class websites that may include student grades and attendance for parents to monitor
- (g) Letters to parents via the student
- (h) Assignments sent home for parents to review, sign and return

Parents can help improve the academic performance of their child by monitoring their academic progress and communicating with teachers, counselors, and school administrators. Parents are encouraged to:

- (a) Attend parent-teacher conferences
- (b) Attend parent, teacher and student association meetings
- (c) Know their child's abilities and interests
- (d) Monitor their child's attendance
- (e) Ask their child, on a regular basis, what he/she is doing in each class
- (f) Ask to see homework, class assignments and projects; provide help and support, if needed
- (g) Communicate with their child's teachers if a problem is observed
- (h) Utilize the Parent Portal feature from the school's network. Parents will need to register at the school in order to use the Parent Portal.

Grievance Procedures for Parents/Guardians

A grievance is defined as a complaint. A parent/guardian with any school-related question, concern or complaint may take the following steps to address the issue in compliance with Board Policy 830. If a resolution is not possible or the

parent/guardian is not satisfied with the outcome, he or she may proceed to the next step.

Step I: Discussion with the school teacher or other school personnel involved. The parent or guardian must, via the principal's office, make an appointment to consult with the teacher or school personnel at a time, which will not interfere with the normal classroom or operating procedures.

Step II: Schedule a joint meeting with the school administrator. If, after consultation with the teacher, the parent or guardian still is not satisfied, he/she may then request a joint meeting with the teacher and the principal. If after consultation with the teacher and the principal, the parent or guardian is not satisfied, he/she may request a joint meeting with the teacher, the principal and the Deputy Superintendent of Education.

Step III: Appeal to the Superintendent of Education. If the parent or guardian, teacher, principal or Deputy Superintendent are unable to arrive at a satisfactory understanding of the problem involved, the parent or guardian may then appeal, in writing, to the Superintendent of Education.

Step IV: Appeal to the Board of Education. If, after a written appeal has been made to the Superintendent of Education, a satisfactory solution to the problem still cannot be reached, the parent or guardian may submit an appeal, in writing to the Board of Education.

REGISTRATION INFORMATION

Registration of Students (Board Policy 330)

Guam law 26-104 requires students who are from five (5) through fifteen (15) years of age to attend school. High school students shall be given six (6) continuous calendar years to complete their graduation requirements, commencing from their first day in 9th grade. Students who do not complete their graduation requirements by the end of this period may be denied entrance to school in subsequent years. Permission to return to school may therefore be denied to dropout students if they would be unable to complete their graduation requirements by the end of the six-year period.

Student Information

All information regarding a student (i.e., name, emergency contacts, guardianship, child's custody, living arrangements, address, telephone number, etc.) must be updated by the parent/guardian. It is the responsibility of the parent/guardian to check with the school to ensure that the correct information is provided. All court order documents must be filed with the school administration immediately. Okkodo High School will honor only legal documents.

In accordance with the Family Educational Rights and Privacy Act, schools are required by law to release certain student information (attendance, grades, discipline, health, etc.) only to those listed as the legal parents or court-appointed legal guardians of the student.

Emergency Health Card

All information about a student on the Emergency Health Card must be accurate and updated each school year. The information provided on the card is important for the safety and well-being of the student. A student without an updated Emergency Health Card will be refused admittance to school. In addition, students will not be released to any person other than the student's legal parents, court-appointed guardians, and those persons listed on the student's Emergency Health Card.

Change of Residence

A student enrolled at Okkodo High School must reside within the designated area of his/her school. Any changes during the school year which places the student outside the area of his/her present school must be reported to the school and a Change of Residence Form must be filled out. The student must then transfer to the appropriate school. The withdrawal/entry procedures will be followed accordingly.

Withdrawal and Transfer of Students

Students must be 18 years or older to withdraw without parental consent. The parent/guardian or qualified student will sign a withdrawal form at least five (5) days before the actual date of withdrawal. Forms will be sent to the student's teachers for grades, attendance, and any obligations and returned to the counseling office 24 hours prior to the withdrawal date.

The student will return all books and items signed out to their teachers and/or business office. Fees for lost or damaged books and items must be paid in full before records are released. A copy of the withdrawal form, latest report card, cumulative card, and shot record will be provided to the student to present to his/her next school. Original records will be forwarded directly to the receiving school upon receipt of an official request from that school.

Credit in a course and/or the assignment of a final grade for a course or the year for students departing from the school system may be granted fifteen (15) school days before the last day of school or at the discretion of the teacher. Advance notification of at least ten (10) school days prior to the student's planned departure shall be made. (Board Policy 339)

Students will proceed to the Common Area (cafeteria) prior to the start of the school day or

utilize the gym. Students should leave the campus at the end of the school day unless they have official business or are participating in an authorized activity or program. Students must be under the direct supervision of a staff or faculty member.

Cell Phones: Board Policy 406 affords students the privilege of using cellular phones on campus. The policy ensures that student possession and use of cellular phones does not hinder the daily operations of schools, does not interfere with academic instruction, and does not disrupt school operations. Students and parents are required to sign a Student Cell Phone Usage Disclosure Statement. The following are standard operating procedures with regard to cellular phone use on school campuses:

1. Cellular phone use by students is allowed before and after the instructional day, during break and lunch periods, (not passing time) provided such devices are not displayed, activated or used during the instructional day. The instructional day includes, but is not limited to anytime spend in the school library, anytime spend in the school gymnasium, general assemblies, study halls and any other structured and non-structured instructional time that occurs during the normal school day. Exceptions will also be made for students with specific needs that require such devices as per their Individualized Education Plan (IEP).
2. All cellular phones brought to school by students must be turned off or in silent mode, and secured in a locker, back pack or similar enclosure during the instructional day. Cellular phone use by students is specifically prohibited during any class time, during assemblies, during school productions, or while in restrooms, locker rooms, or gymnasiums.
3. Students may use cell phones to report violations of school rules, violence, or crimes on school campuses so long as it does not interfere with the academic process.
4. Cell phones are to be turned off during any school level crises, drill, or disaster at the direction of the school administrator.

6. Cell phones may not be used at any time to take inappropriate pictures or video clips with malicious intent. Students may bring cell phones to school at their own risk. The school will not be responsible for any lost, stolen, or damaged cell phones. Improper use of a cell phone will be subject to confiscation by teacher or other school personnel. Inappropriate use of cell phones will result in disciplinary action.

Lost or damaged cell phones: Cell phones are the personal responsibility of the student. The school is not responsible for the theft or damage of cell phones or other electronic devices. The school will not conduct searches to seek lost or stolen cell phones or other electronic devices.

At times searches are necessary to ensure the health, safety, and well-being of students. All lockers, cellular phones, bags, cars and school busses located on school property may be subject to search without warning by the principal or designee at any time, if reasonable suspicion exists. Three kinds of searches are also authorized in the DOE:

1. Searches based on a reasonable suspicion that a particular student or group of students is in possession of contraband.

ATTENDANCE INFORMATION

Attendance is significant to academic success. Therefore, it is highly encouraged that all students strive to be present every school day of the calendar year. Disciplinary action will be enforced if attendance policies are violated. To minimize disciplinary action, the following attendance tips are provided:

- Try to schedule doctor, dentist and other appointments before or after-school hours, on weekends, or teacher workdays.
- If appointments must be scheduled on school days, try to plan them where you are not absent for the same class again.
- If you must be absent for part of the school day, try to only allow time necessary for the appointment.
- Practice regular and timely attendance.
- In the event of any anticipated excused or prolonged absence, inform the school as soon as possible and make arrangements to request for assignments.
- Any information regarding school session changes should always be verified with the school.

Attendance Procedures

Teachers take attendance at the beginning of every class period. When the tardy bell rings, teachers will mark students either present, tardy or absent.

Tardiness

A student who reports to class after the tardy bell but before the first 15 minutes of the instructional time has expired will be considered tardy. Three unexcused tardies will equal one unexcused absence. An accumulation of unexcused tardies will be subject to the provisions of Board Policy 411.

In addition, student privileges (i.e., lunch passes, off-campus passes, parking permits, etc.) may be revoked. A tardy is considered excused if it is due to a late bus. Other circumstances may also arise warranting an excused tardy. A student who arrives on campus 30 minutes after the start of the first instructional block must report to the main office where she/he will be referred to the attendance administrator.

Lock-Out Policy

To curtail tardiness and skipping, lock-out procedures will be implemented randomly. A student is considered “locked-out” when he/she is not physically present in the classroom at the time the tardy bell rings. The following consequences will be imposed:

1 st Offense	Warning
2 nd Offense	Notify parents/counseling/3-day work detail
3 rd Offense	Mandatory parent conference, consequences subject to Office Disciplinary Referral.

Procedures for Dealing with Absences (Board Policy 330)

When a student of non-compulsory age (16 years or older) accumulates a total of twenty-five (25) absences, she or he may be dropped from school for the balance of the academic year.

Excused Student Absences

Absences incurred for any of the following reasons are to be considered as excused absences. However, the school administrator shall have the discretion to decide whether an absence is considered as excused.

(a) Illness of student. However, a student who is absent for three or more consecutive days due to illness is required to present a written certification from a physician attesting to the nature of the illness and the duration for which the student should be excused from school. In addition, school administrators may require written certification from a physician for any number of days of absences due to illness if a student’s past attendance records show patterns of illness or reasons for the absences due to illness, which the administrator finds questionable.

(b) Scheduled medical or dental visits.

(c) Death in the immediate family. Immediate family is defined as mother, father, stepmother, stepfather, guardian or caretaker, brother, sister, stepbrother or stepsister, spouse, grandparent, and child.

(d) Required appearances at court or other legally related proceedings.

(e) Lack of available bus transportation, provided the student relies on bus transportation to go to school.

- (g) Natural catastrophe or disaster.
- (h) Participation in authorized school-related activities or compliance with administrative actions taken by the school, such as field trips, conferences, called by administrators, counselors, or nurse, suspensions, going home because of illness or injury, etc.
- (i) Observance of holidays recognized by a religion of which the student is a member.

Unexcused Student Absences

Students who are more than fifteen (15) minutes tardy for a class shall be considered as absent from the class. Students are allowed two (2) days beginning with the date of return to school to submit their excused absent note. Failure to submit an excuse note within two (2) days shall result in an unexcused absence. Teachers will make attendance referrals based on the following procedures:

Step 1	1 st Unexcused Absence	Teacher counsels student and contacts parent or guardian.
Step 2	2 nd Unexcused Absence	Counselor counsels student and contacts parent or guardian.
Step 3	3 rd Unexcused Absence	Teacher submits referral form to the administrator. Administration refers student (if under 16 years old) to Truant Officer.

Admit Slips for Excused Absences

A student who is absent will be issued an admit slip provided he/she brings a parent note, and the absence does not exceed one or two days at any given time. The excuse note must include the following information:

- ✓ Student’s first and last names (avoid nicknames)
- ✓ Date(s) or periods of absence
- ✓ Reason(s) for absence
- ✓ Parent’s/Legal guardian’s full name
- ✓ Parent’s/Legal guardian’s signature
- ✓ Daytime contact number for verification purposes

Students exceeding more than six (6) days of parent/guardian excuse notes in one semester shall be referred to the attendance administrator. This also

applies to adult students (18 years of age and older) who write their own notes.

A student who is absent for three or more consecutive days must furnish a doctor’s certification. The certification must attest to the nature of the illness and the duration for which the student should be excused from school.

Pre-Arranged/Anticipated Absence

A request for pre-arranged/anticipated absence(s) must be made in advance of the date of absence(s). The following steps are to be followed when requesting for approval:

- (a) The parent/guardian must come to the main office to sign a pre-arranged/anticipated absence(s) form and provide supporting documentation at least two weeks prior to the anticipated absence(s).
- (b) The pre-arranged/anticipated absence(s) form must be signed by all the teachers at least 24 hours in advance of the date of absence(s).
- (c) Administrator will make the final decision whether or not the absence is excused.

Make-Up Work/Advanced Assignments

A student is entitled to make-up work only for those days covered by an excused admit slip. It is the teacher’s discretion to allow for appropriate time for the submission of any make-up work. In the case of a pre-arranged/anticipated absence, a student may request for assignments in advance, provided that approval has been granted by the school administration.

Truancy

A student is defined as “truant” when he/she is absent from school and fails to submit a bona fide excuse note from a parent/guardian. A student 18 years for age or older may submit an excuse note for him/her self. Students who accumulate more than six (6) days of unexcused absences from any class shall receive a semester grade of NC (No Credit) for the course. In accordance with the Department of Education procedures, students of compulsory age (15 years old and below) who accumulate more than twelve (12) unexcused absences within the school year shall be referred to Family Court.

Off-Campus Passes

Students who must leave the campus during the school day must obtain an off-campus pass from the main office. Students below the age of 18 will not be permitted to leave the campus unless the parent/guardian or an individual listed on the student's Emergency Health Card personally comes into the main office to sign the student out. Identification by the parent/guardian or authorized individual must be provided. Letters or notes from parents, fax transmission requests, and phone calls will not be accepted.

Honors, Advance Placement, and College Courses

Okkodo High School offers students the opportunity to pursue challenging learning opportunities. Honors, Advance Placement and college courses offered to high school students provide such challenges in a supportive environment. All students who enter Okkodo High School are required to fill out a Home Language Survey. Students who enter from off-island schools may also be given a test of language proficiency to determine their placement in classes.

Okkodo High School offers beginning and sheltered classes to students for whom English is a second language. These classes will ease the student's transition into the school and enable them to complete the requirements for graduation. When necessary, translators will be found to help students and parent/guardians who have difficulty understanding the requirements or filling out required forms.

A consultation program is also provided for students who test out of the language proficiency test. These students are mainstreamed in the general curriculum with modifications made in their instruction.

Students may request for a schedule change within the first ten (10) days of the school year. Schedule change request forms can be obtained from the counseling office. Requests will be reviewed and approved for the following reasons:

The counselors will help the student develop a four-year plan that insures all requirements for graduation are met. Students are required to complete twenty-four (24) credits in order to graduate.

Starting the first year of attendance in high school, students have six (6) consecutive years to complete their graduation requirements. Students will be given a library card to borrow library materials such as fiction and non-fiction books. Library cards will be stored in the library for safekeeping. Library cards will be valid up to graduation.

Cardholders are responsible for any library materials checked out.

Students may borrow two books for two weeks. If materials borrowed are not returned by the due date, an overdue fee of 25 cents will be charged for every day it is late. In addition, if the book is lost or damaged, the responsible cardholder will be charged the total amount of the value of the book, plus the cost of the late fees. A reminder note will be given to the student that the borrowed library material is due. ***Fees are subject to change.

Cardholders may borrow a Video/DVD overnight provided that a written note from a teacher is given to the Librarian/Library Technician (Clerk) stating the purpose of the material (borrowing a Video/DVD must have an educational and work-related purpose). A reminder note will be given to the student that the borrowed library material is due. ***Fees are subject to change.

EMERGENCY PROCEDURES

The school’s Emergency Response Plan (ERP) provides standard operating procedures governing emergency conduct procedures. The ERP shall be on display in the main office. Teachers should familiarize themselves with the ERP.

All students and teachers are required to familiarize themselves with the evacuation procedures and plan for quick and easy evacuation. Whenever the building must be evacuated, students must follow the assigned evacuation routes, and go to the assigned holding areas where the teacher will take roll. (Maps of building and evacuation routes are found in the Student Handbook and posted in classrooms)

Teachers are responsible for informing the students in each of their classes about the evacuation plan and designated meeting place. Students should be reminded that if they should be out of the classroom when the evacuation bell rings that they should

immediately leave the building and proceed to the designated meeting place for the class. Please review and inform students of the Emergency Evacuation Procedures:

1. Teachers should take their attendance records and accountability forms.
2. In case of a fire, bomb scare, or any other emergency evacuation, the bell will ring intermittently for about twenty (30) seconds.
3. Teachers should direct all students to take personal items that are of value to them. The last person should turn off the lights and close doors (do not lock doors).
4. Students must walk quietly with the teacher and follow the emergency escape route. Teachers and students must proceed to the evacuation area. Classes should be, at least, 100 feet from the building.
5. Teachers will take attendance. Teachers should make sure that students stay with their class and should not allow them to walk around.
6. Teachers should be attentive to the all-clear signal and remain in the designated areas until the signal is given.

In case an evacuation is in effect before class starts, during break, or during lunch, students are to proceed to the designated areas for their next period class. For example:

Before School Begins = 1st Block (Period 1 or 4)

During Break = 2nd Block (Period 2 or 5)

During Lunch = 3rd Block (Period 3 or 6)

- A. Teachers with prep periods should proceed to the designated area for their next period class.
- B. Counselors should also proceed to their designated areas.
- C. Refer to evacuation plan and map.

NOTE: Rain or shine, all evacuation bells are to be followed, unless prior warning indicates that it's a test or false alarm.

Fire/Bomb Threat Drills:

Signal – The bell will ring intermittently for about twenty (30) seconds

General Instructions – At the sound of the bell:

1. Turn off all electrical equipment.

2. Close your door. Do not lock it.
3. For teachers on team planning or subject prep, do not go back to your classroom to unlock your doors.
4. Make sure all personal items and valuables are taken.
5. Take your class record or attendance book to the designated evacuation area.

Procedures:

1. Students are to form a single line in the classroom and await instructions.
2. The teacher and class will proceed to their designated evacuation area in the field. Students are to walk quickly and quietly in a single line with the teacher at the end of the line.
3. At the designated evacuation area, teachers will take attendance and complete the Evacuation Accountability Form. The form will be collected by school personnel.
4. Teachers will remain with their class throughout the evacuation or drill.
5. Teachers on subject preparation period are to report to the command center for adult accountability.
6. Absolute silence is to be observed throughout the evacuation or drill.

Campus Lock Down – If an extreme emergency or when severe violence has occurred or is eminent, a single continuous bell will sound for one minute or longer. If class is in session, students should remain in the classroom, away from doors or windows. Students should remain quiet and calm and follow directions from school personnel. If class is not in session, students should immediately seek shelter in the nearest open classroom. Students shall remain calm and quiet in the classroom, away from doors or windows, and follow school personnel instructions.

Bomb Threat – If the school should receive a call relative to the presence of a bomb, regular fire drill procedures will be initiated at that time. Entry into the building will be prohibited for all personnel and students until clearance has been granted by the Department of Public Safety or Fire Department.

Earthquake – If an earthquake occurs when students are indoors, they should take cover under a desk, table, bench, or in doorways, halls, and against inside walls. Students should not run through or near buildings. The greatest danger is from falling debris just outside doorways and close to outer walls.

If an earthquake occurs when students are outside, they should move away from buildings and utility wires. Once in the open, they should stay there until the shaking stops.

In the event the building is evacuated, students must go to the assigned holding areas where the teachers will take roll.

Power Outage - In the event of a power outage during class time, all students and teachers will remain in their classrooms until the school administrator directs them to leave. While many classrooms have emergency lights and/or windows, it is a good idea for all teachers to have a working flashlight available. When directed by an administrator to leave their room, each classroom will be given a designated area to go. If a power outage occurs during passing time, break, lunch, or before school, students should proceed to the common area, as directed by the administration.

Typhoons (Board Policy 510)

Typhoon Condition III - The schools will remain open, and school buses will continue to operate on the usual schedule. Nothing will be done to change the normal everyday operations of the school.

Typhoon Condition II, School is in Session - Students will be dismissed from school as soon as bus transportation arrives.

All School Personnel and Teachers shall begin securing buildings. Windows and doors will be protected as appropriate. In schools not designated as typhoon shelters, electrical switches shall be turned off, except those that control cafeteria refrigerators and freezers. The principal and other assigned staff members shall inspect buildings and grounds to ensure that all loose material has been removed, which may be hazardous.

In classrooms and offices, books registers, students' report cards, and supplies will be placed in a safe part of the building. All rooms will be ready to withstand wind and rain damage. Teachers will be responsible for securing their own room(s).

After everything possible has been done to ensure the safety of buildings and property, school personnel not needed to operate the shelter, shall be released by the Principal.

Typhoon Condition II, School is not in Session - All school personnel, including instructional staff shall immediately report to their school and carry out all necessary damage precautions. School personnel who are not needed for shelter preparation and shelter management assignments are to be dismissed upon completion of their securing duties.

Typhoon Condition I - Stay under shelter and carry out the recommendations of the Director of Homeland Security.

When condition IV is declared, upon instruction of the Superintendent of Education, all school personnel shall report to their respective schools to assist in the cleanup and restoration of the facilities so instruction can resume.

USE OF SURVEILLANCE CAMERAS

Surveillance cameras are used to support our efforts in securing a safer school environment. The security system would enable the school to monitor and ensure public safety for all school stakeholders and used as a deterrent to acts of vandalism. The security camera live feeds are secured and only provide authorized access to school administrators. Video recording may be shared with law enforcement officers, as warranted in police investigation of school-related cases.
